**Grass Autocross, Sealed Autocross and Single-Car Sprint:** Passengers may only be carried in a car with MSNZ homologated full roll cage. Safety gear and apparel must be as per Schedule A. All passengers must sign the passenger indemnity form in the office and wear the wristband provided. The scrutineer is to inspect the passenger seat and harness for compliance with Schedule A. Either the driver or passenger must hold a current Motorsport NZ competition licence.

### 7. DOCUMENTATION, AUDIT SCRUTINEERING & DRIVERS BRIEFING

#### Documentation:

**Scrutineering** will take place in the Scrutineering Shed at Manfeild on Saturday from 8am to 9.30am and from 8am to 9am on Sunday. Audits as per MSNZ requirements, but using social distancing and face coverings where required.

**Drivers briefing** will take place at 9.30am on Saturday and 9am on Sunday at the base of the Pit Lane Complex stairs

### 8. THE EVENTS

#### SATURDAY:

- **The Grass Motorkhana** will be up to four low-speed tests marked out with road cones. The time starts from the start box and ends with the vehicle stationary in the finish box. A knocked over cone adds 5sec to the competitor's time. Three runs per test per competitor will be timed. The best run per test counts. Safety apparel not required

- **The Grass Autocross** will be one run of approximately 3kms of the Manfeild grass area from a standing start. Competitors will negotiate the arrowed markers and finish the run stationary in the finish box. A knocked over cone adds 5 sec to the run. Up to three runs per competitor will be timed. The best run counts. Safety apparel required.

**SUNDAY:**

- **The Single-Car Circuit Sprint** will be three flying laps of the 3.03km circuit. Competitors will be issued a transponder and will line up in pit lane, fastest to slowest. They will be released in groups of up to 10 cars at 5 to 10 second intervals for the warm-up lap. They will cross the start line at speed for the flying start. At the end of the third flying lap the drivers will be shown the chequered flag to end the run. They will complete a full cool-down lap, exit the circuit and re-join the field in pit lane for the next run. Competitors will be timed a maximum of three runs. The best run time counts.
- **The Sealed Autocross** will be one lap of the full 4.5km circuit in reverse direction. To control speeds chicanes will be placed on the straights and at the junctions between the 3.0km circuit and the 1.5km circuit. Competitors will line up in pit lane, carrying the same transponder issued for the sprint and be released onto the circuit. They will turn tightly back towards the start line for a flying start. They will continue around the course, negotiating the chicanes until they cross the finish line for a flying finish. Drivers turn right into the pit exit to re-join the field for the next run. Competitors will be timed a maximum of three runs. The best run time counts.
